

Assignment 1

Flowchart Answer:

1. Create a Flowchart to check whether a number is positive.

Flowchart:

Output:

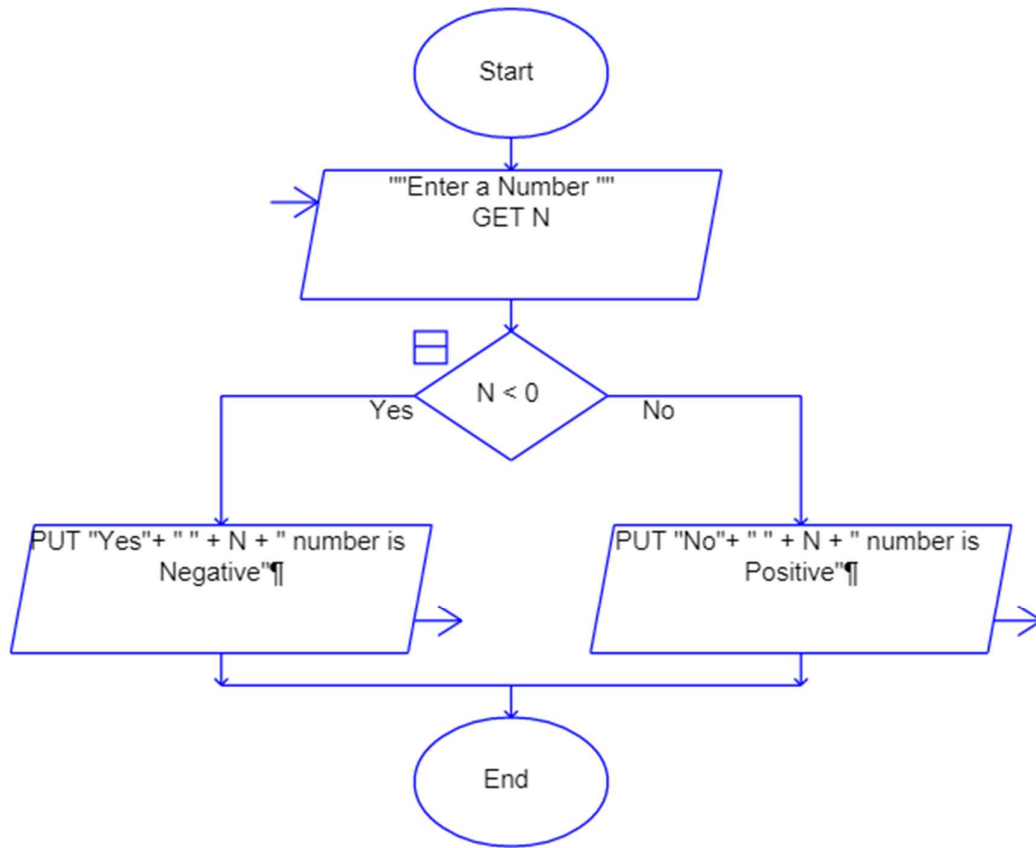

```
RAPTOR MasterConsole
Cleared!
1 is Positive
--- Run Complete! 4 Symbols Evaluated ---
-1 is Negative
--- Run Complete! 4 Symbols Evaluated ---
```

The screenshot shows a window titled 'RAPTOR MasterConsole'. The output text inside the window is: 'Cleared!', '1 is Positive', '--- Run Complete! 4 Symbols Evaluated ---', '-1 is Negative', and '--- Run Complete! 4 Symbols Evaluated ---'.

Name : Krushik Bhandari

2. Create a Flowchart to check whether a number is negative.

Flowchart:

Output:

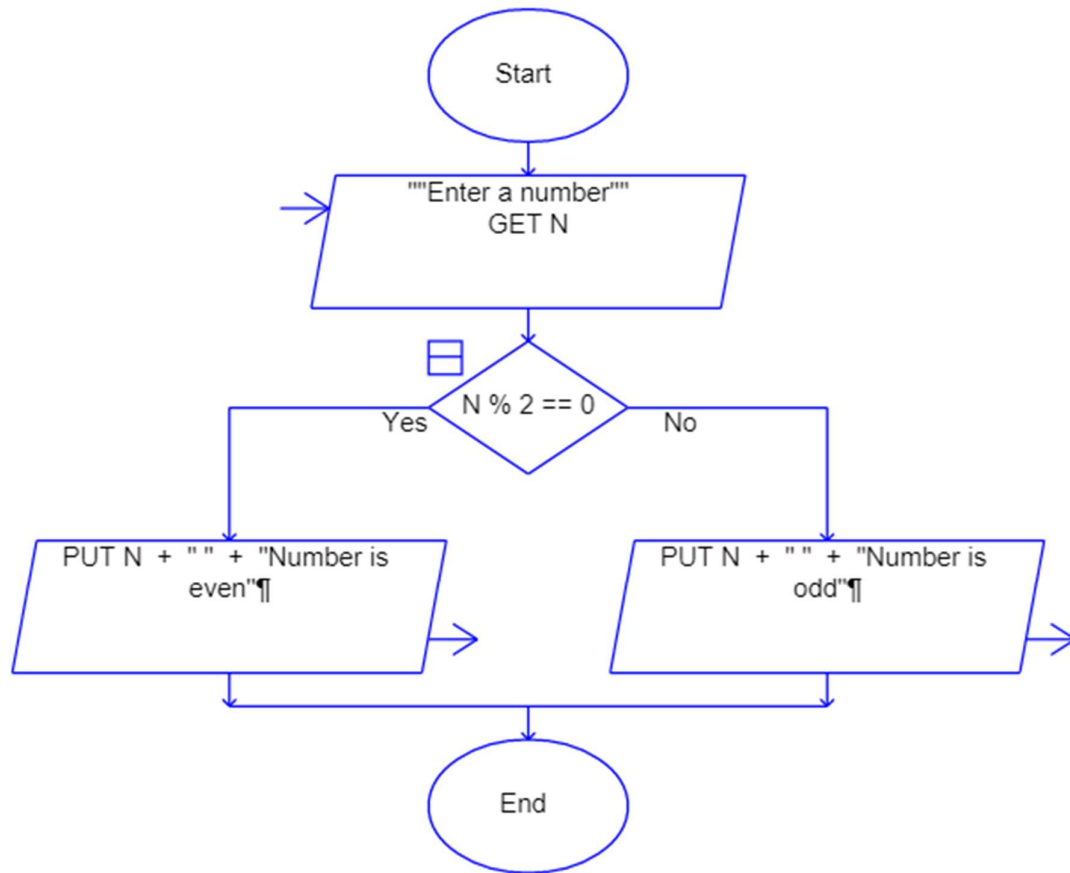

```
RAPTOR MasterConsole
No 1 number is Positive
--- Run Complete! 4 Symbols Evaluated ---
Yes -1 number is Negative
--- Run Complete! 4 Symbols Evaluated ---
```

The screenshot shows a window titled 'RAPTOR MasterConsole'. It contains two lines of output: 'No 1 number is Positive' followed by '--- Run Complete! 4 Symbols Evaluated ---', and 'Yes -1 number is Negative' followed by '--- Run Complete! 4 Symbols Evaluated ---'.

Name : Krushik Bhandari

3. Create a Flowchart to determine whether a number is odd or even.

Flowchart:

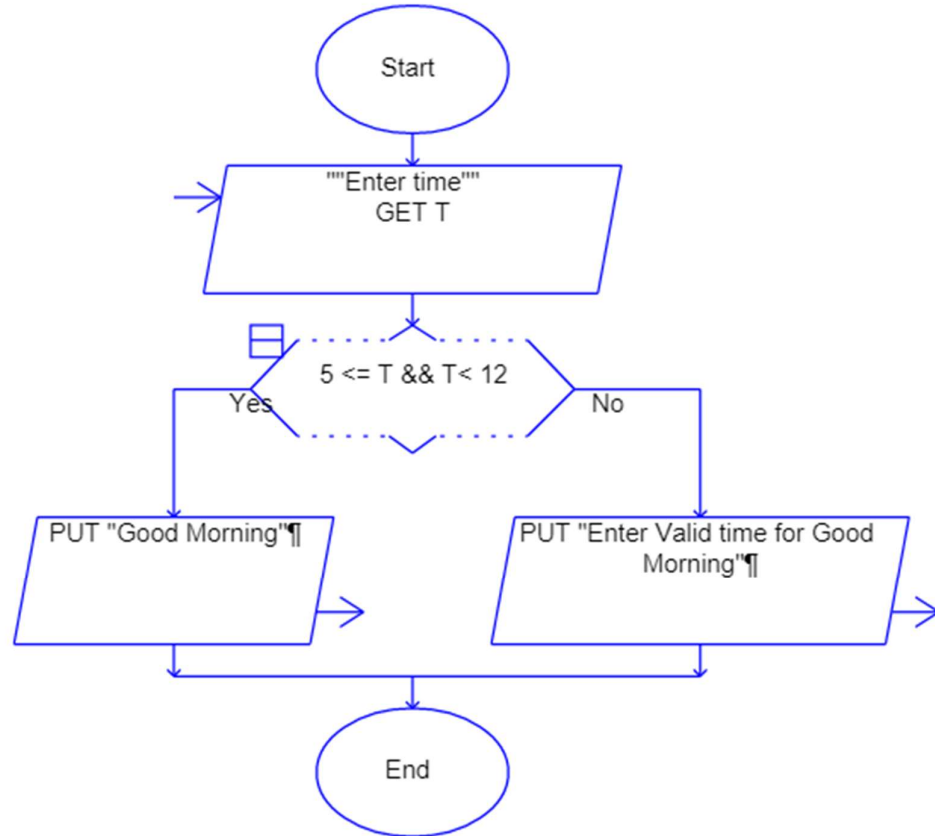

Output:

```
RAPTOR MasterConsole
Cleared!
1 Number is odd
--- Run Complete! 4 Symbols Evaluated ---
2 Number is even
--- Run Complete! 4 Symbols Evaluated ---
```

Name : Krushik Bhandari

4. Create a Flowchart to display a “Good Morning” message based on given time.

Flowchart:

Output:

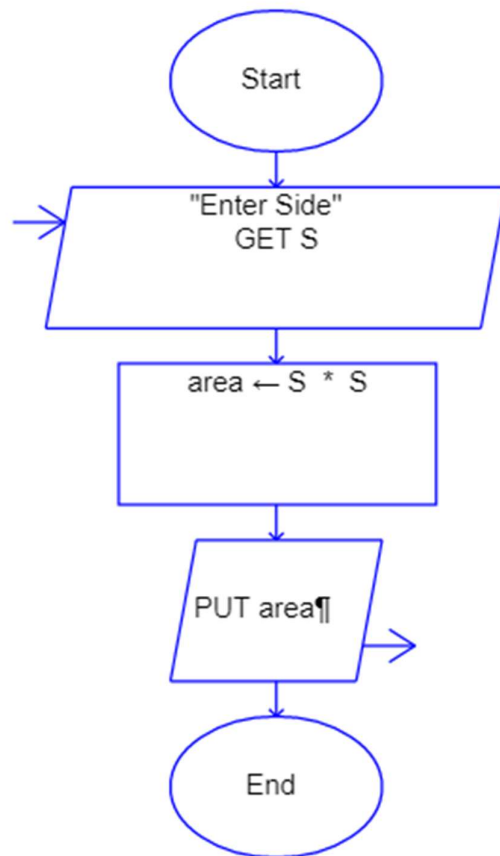

The screenshot shows a window titled 'Input' with a text label '"Enter time"'. Below the label is a text input field containing the number '6'. At the bottom of the window is a 'Done' button.

The screenshot shows the 'RAPTOR MasterConsole' window. It displays the output 'Good Morning' followed by a separator line '--- Run Complete! 4 Symbols Evaluated ---'.

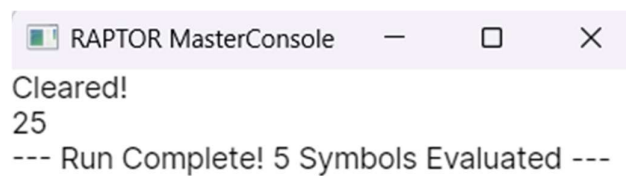

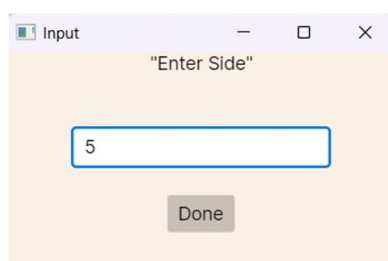

Name : Krushik Bhandari

5. Create a Flowchart to calculate and print the area of a square.

Flowchart:

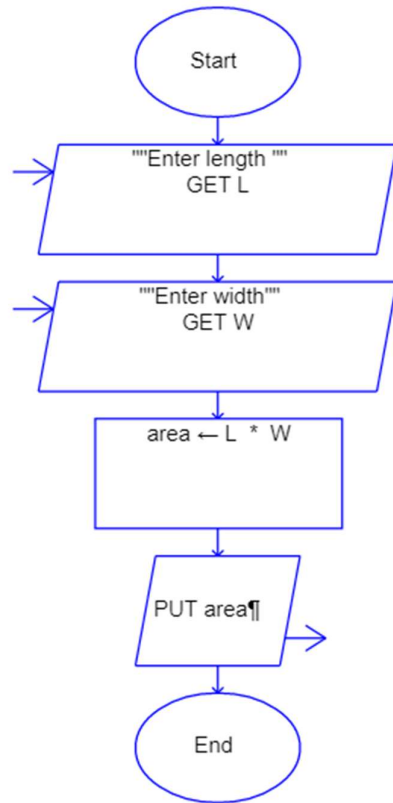

Output:

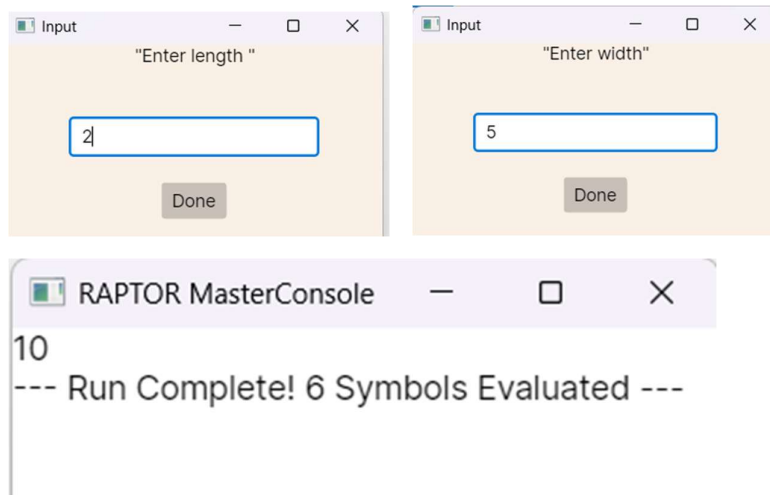

Name : Krushik Bhandari

6. Create a Flowchart to calculate and print the area of a rectangle.

Flowchart:

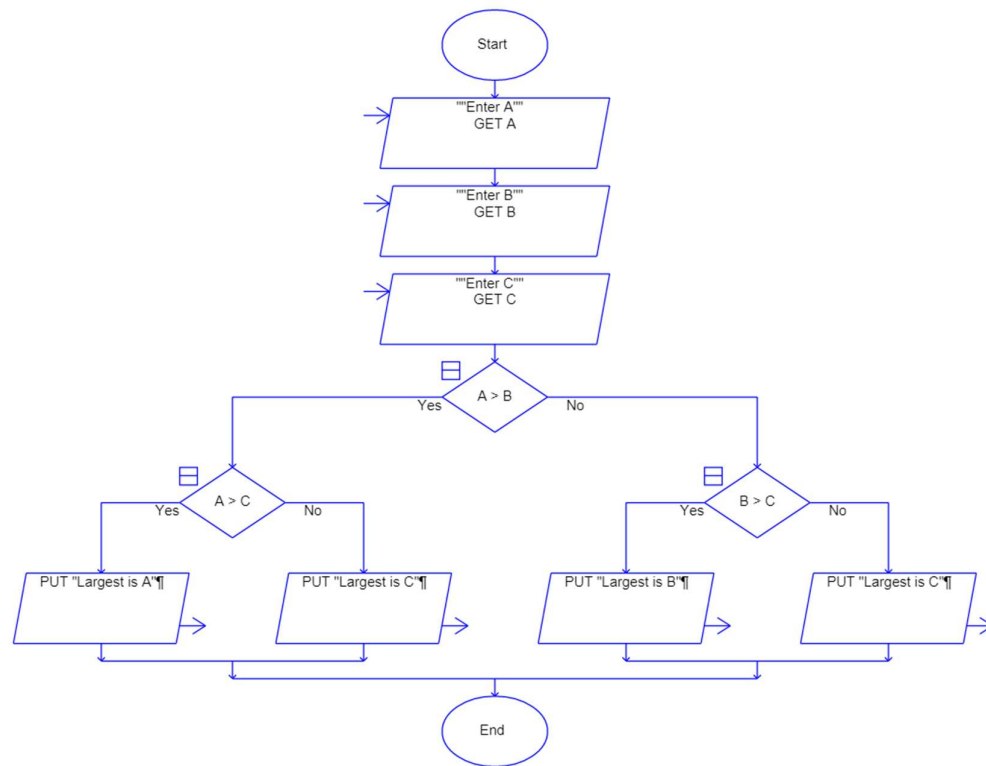

Output:

Name : Krushik Bhandari

7. Create a Flowchart to find the largest of three numbers.

Flowchart:

Output:

Three input windows are shown side-by-side. The first window, titled 'Input', has a label 'Enter A' and a text box containing '40'. The second window, titled 'Input', has a label 'Enter B' and a text box containing '25'. The third window, titled 'Input', has a label 'Enter C' and a text box containing '75'. Each window has a 'Done' button at the bottom.

A screenshot of the RAPTOR MasterConsole window. It displays the following text: 'Cleared!', 'Largest is C', and '--- Run Complete! 6 Symbols Evaluated ---'.
